SALE OF SALES

TO CELEBRATE OUR

Twenty Fifth Anniversary

Folks, here we are again — with an outstanding birthday sales event. Back in 1924 Naughton Farms was started as a small, individual, one-half acre nursery, with a dream far distant to serve America's millions at lower prices. Time passed and the little nursery grew bigger and bigger and the dream came true — we had grown so big that they get the finest plants that can be grown at the lowest possible prices, and third the plants are fresh from the nursery rows. In 1938 we incorporated into Naughton Farms, Inc., still keeping in mind to serve more and more of America's millions at higher quality and lower prices. Today that dream of yesterday's has come true. We serve folks all over America — in all 48 states as well as some foreign countries. This army of satisfied customers throughout the country has been built on satisfaction and square dealing. It's because of this our 25th year — we're celebrating with a "Birth-day Sale." Prices you've never dreamed of which will enable you now to landscape your yards at unheard of prices.

THOUSANDS

FROM EVERYWHERE WILL BUY DURING
THIS GREAT BIRTHDAY SALES EVENT

BUY DIRECT FROM GROWERS

When you buy direct you do as thousands of folks throughout the country — who have helped to build one of the world's largest mail order nurseries. For many reasons these folks buy year after year from the growers — first they save money, second they get the finest plants that can be grown at the lowest possible prices, and third the plants are fresh from the nursery rows.

Notice what folks from everywhere say about Naughton plants; how they arrive, how they live, and how they grow. These praises of Naughton stock are true expressions of what we hear daily of which of course we are justly proud — because it's a genuine pleasure to grow plants of high quality in our own fields at low grower prices and to ship them to America's millions to help beautify our country.

When you buy from Naughton Farms, Inc., you're buying from folks who have tilled the soil for a quarter of a century, and who know how to grow and ship fine nursery stock. We have developed from a small nursery to one of the greatest. In all these years we have learned how to produce fine plants, yet hold the price down where everyone can enjoy the beauty of flowers.

You may never again see such amazing and spectacular bargains as are offered in this catalog, so we urge you now to place your orders as early as possible.

SHOP IN YOUR OWN HOME

Folks — it's a pleasure and a real joy to "shop in your own home" by mail. First, because Naughton Farms, Inc., is as close as your mail box. No hustle, no trying to get there before the doors close — in the quiet of your home with all the family around, giving each an opportunity to get just the plants and flowers and fruit trees that they want, you can complete your order in the shortest possible time — getting exactly what you want all at the same time from the same big nursery — from Naughton Farms, Inc., one of America's largest nurseries. Next day drop your order in the mail box, and in a remarkably short time your plants will be on their way to you — you will be satisfied, too, because they are guaranteed to live, they are guaranteed to satisfy you, and you can know positively that you bought the finest plants at the lowest possible prices. Spend a quiet evening in your home — enjoy all the beauty and plant perfection that are grown in the nursery — by turning your catalog page by page. You'll find hundreds upon hundreds of plants, and, too, they are shown in just the color you would find them in the nursery in their natural beauty.

HOW TO ORDER

List the roses, trees, shrubs, vines, evergreens, you want, using order blank on last page of catalog. State number, size, price of each item you want. SPECIFY THE DATE ON WHICH YOU WANT STOCK SHIPPED, IF YOU WISH A FUTURE SHIPMENT. If you do not specify the date you want your order, we will ship immediately. If you wish to send CASH WITH ORDER enclose your personal check, money order, or bank draft with your order. If you wish your order shipped C.O.D., just write C.O.D. on the bottom of the order blank. Remember, whether you send cash with order or ask us to ship C.O.D., we will pay all of the postage. Mail your order to NAUGHTON FARMS, INC., WAXAHACHIE, TEXAS. PLEASE NOTICE: You will find bargain deals throughout the catalog. Each of these deals has a number or a name. When filling out your order for special deals, LIST UNDER THE QUANTITY ONLY THE NUMBER OF OFFERS THAT YOU WISH — and UNDER THE ITEM, THE NUMBER OR THE NAME OF THE OFFER.

Folks, it's easy and very simple to order by mail — you save time, you save money.

FREE FROM DISEASE

Every Naughton plant you buy is absolutely disease free — the best that can be grown.

Every plant in all fields and nurseries where plants handled by us are grown, and in greenhouses, are inspected by the Texas Department of Agriculture, and we comply with the laws of every state in transporting nursery stock. Every scientific precaution against disease is exercised — plants you receive are healthy, and ready to grow.

I'll read the home-town paper (News) and I saw this ad of yours and simply could not resist the urge to buy more flowers from you. The last order that I sent you came in on record time. The rose bushes, fruit trees, and a few shrubs were 100% alive, fresh dug, and everything was perfectly satisfactory. — Mrs. C. F. W., El Paso, Texas.

From Bradford, Penn. November 1947
"May every rose from your great field bring forth another friendship sealed. profound gratefulness, M. W."

I received my plants and was so well pleased that I am praising you to the skies. — Mrs. H. L. LaB., Toccoa, Georgia.

I received my nursery stock, the best stock that I have been able to get from any nursery in such large size and so low in price. Words cannot express how thrilled I am. — Mrs. R. B. Castleberry, Alabama.

I received last November, 1947, 3 rose bushes from your nurseries. They are growing so fine; they have bloomed every month since they started. I am so well pleased with them that I want to buy more this year. I received your late catalogue and thanks for it. — Mrs. J. E. H., Enoree, South Carolina.

I received my order of roses in good condition, all the roots were damp. I am not buying from local nurseries, because they bruise the plants and expose them to the hot sun and I have not had any luck growing many fruit trees purchased here. — Mrs. W. F. C., San Antonio 1, Texas.

I am more than pleased with the "100 Feet of Hedge," flowering shrubs, etc. we received from you last spring. They have grown to an almost unbelievable size in just these few months. The prices for and quality of your stock is a rare combination in these days — and I take pleasure in not keeping it a secret. May you continue to prosper. — Mrs. L. H., Washington 20, D. C.

Thank you for your promptness in filling my orders, and for the nice free plant. I sure appreciate such fine service, and low prices, and your plants are fine, too. I am recommending you to both price and quality. — Mrs. L. S., Evansville, Indiana.

My garden is the talk of the town, only seventeen rose bushes but six in heavy bud and blossom in December. If you have not received orders from this city, it is not my fault, as I certainly do boost your roses. — Mr. H. C. H., Harrisburg, Pennsylvania.

Letters from FOLKS EVERYWHERE

on Canning, California
I wish you could see my chrysanthemums I ordered from you. They are breathtaking in their beauty. Sincerely, Mrs. D. K.

At last I have found an ideal nursery! I have just received my first shipment from you, the plants were excellent and I received them soon after my order was placed. — G. E. H., Carmel, Illinois.
We lived in Minden, Louisiana, for 25 years and for almost 20 we ordered your roses. Had a garden with 300 in it and 100 wall. Now living here around rock and starting a new rose garden. — Mrs. C. L., Baton Rouge, Louisiana.

I can say they also arrived in good condition and have really had some beautiful blooms this time. So, since I have found out how nice those five were, I just wanted some more. — Mrs. J. P., Mooresboro, North Carolina.
Your roses are excellent and, in my garden, greatly outdo locally grown roses which usually sell around \$1.50 to \$2.00 per plant. Perhaps yours have superior roots. — T. C., Jr., Union, New Jersey.

BIRTHDAY SALE

Notice on these pages the soft yet dazzling colors of the rose. We're proud of the roses we grow . . . of the wonderful blooms they produce. We're proud to offer you during our Birthday Sale some of the finest roses grown.

Since the Middle Ages, roses have been the world's most popular and most universally loved flower — the symbol, throughout the world, of beauty, of color, form, and fragrance. Naughton roses uphold the highest traditions of rose culture — healthy, heavy stock; thick, well-matted root systems; flourishing growth; and rich, true-to-variety blooms. Every plant is freshly dug from the field for shipment, and no trouble or expense is spared to assure their arrival at your home in first class, live, growing condition. We guarantee them to live or we replace at ½ price. (See page 3)

FROM AMERICA'S ROSE GARDEN

Proper budding plus a wonderful growing season, which gives our rose bushes the benefit of 18 to 20 months of actual field growth during the first two years, makes Naughton roses vigorously healthy . . . well able to grow in any climate in the United States. Satisfied customers in every state have found that the sturdy understock and fine root systems of Naughton roses let them "go right on growing" when they are set out.

Our many years of experience in handling roses has convinced us that the Neches River section of East Texas, where part of our roses are grown, can honestly be described as the finest rose-growing area in the country — truly the "Rose Garden of America." The rich, sandy soil, mild climate and long growing season of the Neches River area is ideal for starting all types of nursery stock; our roses are bigger and better at the end of two years than most are at the end of three, giving you fully matured plants which will thrive and bloom the first year in your yard or garden.

2 YEAR FIELD GROWN BLOOMING SIZE ROSES *at Sensational Prices*

The Japonica stock upon which Naughton roses are budded is the sturdiest and most vigorous rose stock in the world — which means that you can take your Naughton rose bushes out of the package in which they come to you, set them out in your garden with a minimum of trouble, and HAVE BEAUTIFUL BLOOMING BUSHES THE FIRST YEAR. No flower gives as much pleasure with as little trouble as the rose. Of course roses "do better" when they are properly cultivated and fed and are kept watered, but even under adverse conditions which would kill many plants they continue to give unstintingly of their beauty and fragrance. The wide variety of types and colors of roses available from Naughton Farms, Inc., offers an opportunity for you to have beautiful flowers to please everyone in the family, no matter what their taste.

Multiflora ROSES

Here's little roses that will pull at your very heart strings—because they're so lovable in beauty. We call them multi-flora roses because they're the multiflora type in their natural stage. They grow so gracefully with no care whatsoever, that they remind you of the beauty of the wild forests. Upright bush in form, branches arching to the ground, showered in early Spring with white and pink shaded little blossoms. Fine for planting on hedge rows or spots you wish to cover entirely—they won't freeze and can be grown anywhere in America. Price: Each, 29c; 3 for 79c; 6 for \$1.49; 12 for \$2.84.

FLORIBUNDA ROSES

Every garden has a spot which needs "filling in" with something lively and long-lasting . . . or a division line which will look better if it is marked by a lovely hedge of roses. For those spots there is nothing finer than the Floribunda Roses—the hardy little beauties which have the grace and delicacy of miniature, yet bloom profusely and are large enough for cutting. Here are five of the best.

ELSE POULSEN. A lovely clear pink, slightly frilled, and a free bloomer. Makes a beautiful border, background or hedge rose, being full-leaved and often growing as much as 3 feet tall.

KIRSTEN POULSEN. A vigorous grower and a real dandy. Flowers are pink to rose, beautifully open and long-lasting. Blooms all season and makes a lovely addition to any garden or bed.

GRUSS AN AACHEN. Grows about 18 inches tall; very profuse bloomer, with orange-pink buds which open to beautiful double blooms of hybrid Tea Rose form, becoming a soft delicate salmon color as they open to full size.

LAFAYETTE. There's never a brighter spot in any garden than that where this brilliant cherry-red rose blooms throughout the entire season. It grows from 2½ to 3 feet tall—another marvelous border, background or hedge rose.

MARIE PAVICIO. Bewitching little roses of a sweet fragrance, blooming in a great activity from early spring to late autumn. An active grower with a love for freedom to attain a spread of bush. Perfect for hedge rose.

CLIMBING ROSES

YOU can train these fine roses to do anything you want them to do — bushes you have seen and admired in other people's gardens, climbing along fences, on trellises and over garages. Wonderful for "dressing up" blank walls, bare fence corners and such unsightly spots, or simply for making a beautiful and picturesque wall of blooms around your garden or entire yard. They are hardy anywhere, and grow rapidly with little or no attention. The ones listed here are America's favorites — and they're all typical Naughton stock, which means that they're strong, vigorous, two-year-old field-grown bushes. And they're yours for only 59c each, postpaid.

BABY DOLL ROSES

(Polyantha)

No other roses bloom as prolifically as the exquisite little Polyanthas, often called "Baby Doll" roses. A myriad penny-size blooms, forming in clusters, make one big splash of color of each Polyantha bush. They bloom all summer, from the first warm weather 'til frost, and make the perfect plant for hedges and borders and for indoor box culture. Ideal for cutting for massed arrangements, as they hold their petals well and last a surprisingly long time in water. Plant a row of Polyanthas this year and give yourself a beauty treat next spring!

VARIETIES OF PEACHES WE OFFER

POLLY. This big freestone is super-hardy and a sure bearer. White with deep red blush, juicy and keen-flavored. Very firm and fine for canning. Ripens August 15.

RED HAVEN. An extra-early perfect freestone — a wonderful peach for home use or commercial growing. Medium to large, smooth, skin, sweet and very juicy. A good bearer that ripens in early June, a full month ahead of the Elberta.

HALE HAVEN. This has been called the greatest variety introduced since the Elberta. Marvelous quality, very hardy in the bud and a sure bearer of large crops. Beautiful golden color, delicious flavor, freestone. Ripens about July 1.

GOLDEN JUBILEE. A hard winter means nothing to this extra-hardy sure cropper. Medium large, light golden color and exceptionally sweet flavor. Good commercial variety as well as superb for home use. Ripens around June 25.

MAYFLOWER. If you want one of the best of the early peaches — buy this one. Red and white, ripens late May.

J. H. HALE. It's hard to beat the texture, color, flavor and size of this one. Almost fuzzless, golden yellow with deep red blush. Hardy, big yielder, freestone. Ripens about July 10.

EARLY ROSE. Red with white and pink cheek. Good bearer and strong grower. Ripens early June.

ELBERTA. If you can plant only one peach tree — plant an Elberta. Everybody knows this dependable big freestone with its yellow skin and red cheeks. Unbeatable for year-in-and-year-out quality and flavor. Ripens about July 15.

EARLY ELBERTA. Same growing and cropping reliability found in the Elberta, and the same fruit — but ripens about 10 days ahead of the regular Elberta.

LATE ELBERTA. A wonderful tree to prolong the season — similar to Elberta in quality, size and dependability, but ripens about 10 days later.

MAMIE ROSS. A delicious pink-blushed white semi-freestone with firm, sweet flesh, excellent for home use and for canning. Hardy, good grower and good producer. Ripens about June 25 to 30.

BELLE OF GEORGIA. A beautiful freestone with creamy white flesh, red blushed, and flavor that ranks with the finest. So heavy-bearing that thinning is advised to prevent damage to trees. Hardy, strong grower. Ripens about July 20.

MINNIE STANFORD. One of the best of the clings. Red or yellow, firm and delicious, with good-texture, well-flavored juicy meat. Ripens August 1st to 10th.

ARP BEAUTY. Large yellow peach streaked with red tints. A splendid bearer, which ripens about June 25.

FAIR BEAUTY. Very hardy in the bud, produces medium to large, red-blushed golden-yellow fruit, tender, firm and juicy. Early ripening — about June 15.

INDIAN CLING. The old Indian Chief red variety. Ripens in August. A dark blood-red peach of the old-fashioned type. Be sure to include this one in your orchard.

EARLY WHEELER. A very early cling which ripens during the first part of June. Excellent shipping qualities. Sometimes called the Red Bird Cling.

SHIPPERS LATE RED. Yellow with attractive red blush, sweet, juicy yellow flesh. One of the best late commercial varieties. Trees bear young and well. Ripens after the Elberta.

RED BIRD CLING. Sometimes called the Early Wheeler; a very early cling, ripening early in June. Good bearer and excellent shipper. Fine commercial variety.

HILEY. An old-time favorite* which most peach growers already know. White with pink flesh, this time-proven cling ripens about July 15-20.

STRAWBERRIES

Nothing tastes better than fresh, home-grown, luscious and delicious strawberries. Plant a small patch in your garden this year, they produce quickly and give big yields for the small space they occupy. Plant plenty and have them to eat, can and preserve.

BLAKEMORE. This is a fine early variety which ships particularly well. Vigorous grower, excellent producer, drought resistant. Prices: 25 for 65¢; 50 for \$1.15; 100 for \$1.98; 500 for \$6.50; 1000 for \$11.50. Postpaid.

GEM. An everbearer which has as many berries in the spring as the standard spring bearers, and then comes back again in the fall with a dividend of delicious well-shaped berries in great abundance. Prices: 25 for \$1.44; 50 for \$2.64; 100 for \$4.69; 500 for \$15.89. Postpaid.

MASTODON. A giant and king of the everbearing strawberries. Tremendous yield, bearing through spring, summer, into late fall. Prices: 25 for \$1.44; 50 for \$2.64; 100 for \$4.69; 500 for \$15.89. Postpaid.

SENATOR DUNLAP. This one is tops in the June bearing class. Big, bright red berries of excellent flavor — ideal for your own table and for commercial growing. Can take a lot of drought. Prices: 25 for 65¢; 50 for \$1.15; 100 for \$1.98; 500 for \$6.50; 1000 for \$11.50.

STREAMLINER. Considered by nurserymen to be the finest of the everbearing varieties. Large berries, rich red all the way to the core; Very sweet, they literally melt in your mouth! Prices: 10 for \$1.19; 25 for \$2.49; 50 for \$4.49; 100 for \$7.98. Postpaid.

PECAN TREES

BIRTHDAY SALE

(PAPER SHELL)

No nut tree is finer than a fine pecan — and the eight listed here are the best by every standard. Wonderful shade trees, pecans pay a real dividend a few years after planting — and continue to pay out to you year after year. These are all papershell varieties; strong, well-rooted field-grown trees.

STUART. A good all-round Pecan well suited to virtually every part of the country and to almost all types of soil. Good heavy producer, large, sweet meats.

SCHLEY. Splendid papershell variety, nuts 1½ to 2 inches long and well filled. Trees of this variety grow to tremendous size, beautifully proportioned.

SUCCESS. Very popular in the East; large, creamy kernels in soft, thin shell. Low-growing, spreading tree, vigorous.

MOORE. Medium to large trees bearing heavy crops of medium round nuts. A variety which is always dependable.

MONEYMAKER. Here's a dandy — big, meaty pecans, thin shelled, sell well on the market, will make money in your orchard — you will like this one.

HALBERT. This is one of the best of the extra-thin papershell varieties; tree grows to large size, bears well with small, round, very thin-shelled nuts.

DELMAS. A prolific old-time papershell, bearing large round nuts. Good grower; you'll be pleased with this variety.

BURKETT. Tops among Western varieties. Large, heavy nuts bring top market prices; meat flavor unmatched. Grows best above 600 ft. altitude.

WESTERN SCHLEY. Perfect cracker; shell very thin and soft. Strong grower, early and heavy producer of long, well-shaped, well-filled nuts.

EGG SHELL. An exceptionally thin shelled variety of the papershell pecans. Does fine in most soils.

Prices on all varieties of papershell pecans:

2 to 3-ft., \$2.89; 3 to 5-ft., \$4.69; 5 to 7-ft., \$6.79.

CHERRIES

Cherries are the wonder fruit. Plant plenty of Cherry trees and enjoy eating them or for canning and preserving. When you order Cherries, it is advisable to get more than one variety. You will find that you get better yields from your trees, as having more than one kind helps pollination. Plant them just any place you wish — but be sure to plant them in groups. Naughton Cherry trees are strong, field grown, heavy-rooted trees, sure to grow and produce loads of Cherries for you.

BLACK TARTARIAN (SWEET CHERRY).

A fine big, purple-black Cherry of excellent growing habits south of Iowa and in all of the Eastern States. A very heavy bearer which has a marvelous flavor. One you will always enjoy.

MONTMORENCY CHERRY. This is the big red, heavy bearer which ripens evenly, making it perfect for canning. Delicious; too, for pies and Cherry sauces. One of the biggest of all Cherries and the best — top among the reds.

ENGLISH MORELLO. Extra large fruit and the blackest of the black Cherries; good for everything — eating, canning, jellies. Ripens late, after most of the other Cherries are gone. One of the hardiest of all the Cherries.

EARLY RICHMOND CHERRY. One you'll want — the hardiest of all the red Cherries, a heavy bearer, full flavored and juicy. Fine for canning and one of the very best of all the varieties.

GRAPES

Anyone who lives in America and doesn't plant grapes is missing a fine thing — for grapes will grow in almost any kind of soil, can be planted where there is "standing room only" as long as there is a fence for them to climb on — and what's more delicious than fresh grapes from your own vines? There's a good, steady market for any excess!

NIAGARA. Big, compact bunches of yellowish-white berries — sweetest and most popular of white grapes. Abundant bearer.

CARMEN. Vigorous grower which produces extra-large clusters; compact and well-formed. Medium black; probably the most satisfactory all-purpose grape available.

CONCORD. The best known — and the best seller. Blue-black, large bunches, heavy bearer year after year. Tender, sweet, delicious. Fine for commercial vineyards.

DELAWARE. Big yield of top quality reddish-blue grapes, big bunches. Fine for eating or for jellies. The most satisfactory grape grown.

MUSCAT. A large heavy-bearing blue-black grape of unusual juiciness and with excellent flesh; an old favorite for wines. Good grower and year-in, year-out producer.

CACO. A rich, very sweet amber grape which can't be beat; large bunches ripen in September. This is a very hardy variety.

FREDONIA. The earliest-ripening of the black grapes — often called the "Early Concord." Big, heavy clusters, delightful flavor.

MOORE'S EARLY. Large compact bunches of blue-black, excellently-flavored berries, ripening before Concord, but after Fredonias.

PATENTED ROSES

The finest roses grown — we think, some of the leading and latest introductions, at what folks call popular prices. These gorgeous new roses bloom so exuberantly that we think the word quick-flowering or everblooming is hardly broad enough to describe them.

We are proud to present to you five of what we have classed the most beautiful and in our opinion the most popular of all the patented roses. Every garden should have some of these new and exciting plants that bring you flowers that will thrill not only you but your entire neighborhood.

PEACE

(Plant Pat. 591)

MIRANDY

(Plant Pat. 632)

Loveliest and leading of the patented roses. It's a gold medal winner — brilliant colors ranging from rich, bright yellows to almost alabaster, with thick, dark-green leathery foliage. Its blooming qualities are superlative. **Prices each \$2.00; 3 for \$5.00. Postpaid.**

Here's a dandy, dark, velvety rose, unexcelled for its great beauty and strong blooming habits, prominent for its marvelous damask fragrance and its long sturdy stems. Flowers are fragrant and long lasting. Once you see this beautiful rose — then it will become a "must" in your garden. **Prices: Each \$1.50, 3 for \$3.75. Postpaid.**

PINOCCHIO

(Plant Pat. No. 484)

Buds of rich and appealing salmon, with gold at base of petals, gradually changing to clear pink as the wonderful little flowers open and acquire deeper pink edges. Pinocchio is a floribunda — easy to grow. Buds are about 1 1/2 inches across and are long-lasting. **Prices: Each \$1.25; 3 for \$3.15, Postpaid.**

HIGH NOON

(Plant Pat. 704)

A new pillar rose with very spicy scent and rich lemon yellow color tinted red. Blooms are loosely open in form. Strong upright grower. Your rose garden will be the talk of the neighborhood if you will add "High Noon" to it. **Price: Strong Plants, Each \$2.00; 3 for \$5.10. Postpaid.**

BIRTHDAY SALE

LARGE FLOWERING MAGNOLIAS

Folks everywhere talk about flowering magnolias. Words cannot describe the gay and rich colored blossoms that shower the magnolia tree before the leaves come out in Spring. The radiance of their soft velvet blossoms shows the splendor of the most perfect flowering tree on earth. Year after year, they'll produce more and more blossoms that will "light up" your landscape.

In years past, we have imported from Holland these wonder trees, but now we offer you domestic grown which have been adapted to our climatic conditions, and you'll find that these now are incomparable in brilliance of their blooms, and sensationally priced.

MAGNOLIA SOULANGEANA: Before the leaves ever come out in the Spring, the Magnolia Soulangeana (often called Saucer Magnolia) is covered with showy, extra-large, brilliant crimson rosebuds that develop into soft warm rose flowers of unusual beauty and size. Grows everywhere, doesn't ever winterkill. **PRICE: STRONG 2-FOOT PLANTS, \$1.98 EACH; 2 for \$3.75, postpaid.**

MAGNOLIA NIGRA: Here's the one we call "Purple Starlight" — blooms are so huge, its color so brilliant, it reminds one of stars in the heaven. Its blossoms of light purple are as soft in color as velvet. Blooms appear in early Spring before leaves show. Grows everywhere, doesn't ever winterkill. **PRICE: STRONG, 2-FOOT PLANTS, \$1.98 EACH; 2 for \$3.75, postpaid.**

SPECIAL OFFER - If you want one each of the above three magnolias: only \$5.49, postpaid. **ORDER OFFER NO. FM-3.**

MAGNOLIA RED BEAUTY: Notice the illustration in the upper right corner and you'll see pictured the enchanting blossoms of this huge flowering red magnolia — that's why we call it Red Beauty. Blooms cover the plant before leaves appear. If you like a blaze of red, then buy this one. Doesn't ever winterkill. **Price: Strong, 2-foot size plants, \$1.98 each; 2 for \$3.75; postpaid.**
